Vale pays dividend to shareholders

Vale informs that its Board of Directors approved today the payment of the additional dividend to Vale's shareholders amounting to US\$ 3 billion (R\$ 4,854,900,000.00), equivalent to US\$ 0.576780063 (R\$ 0.933403176) per outstanding share.

The decision of our Board of Directors in addition to other decisions taken so far implies a record breaking return of cash to shareholders in 2011, including payment of dividends/interest on shareholders' equity and share buyback, which shows Vale's very clear commitment to the optimization of capital allocation.

Our strong cash generation and its excellent performance perspectives allow the financing of growth opportunities and the return of capital to shareholders while maintaining a healthy balance sheet, contributing to the creation of shareholder value.
