About the remediation of impacts resulting from Samarco's accident

Samarco, Vale and BHP Billiton are working with the Authorities in Brazil on an agreement

Samarco and its shareholders, Vale and BHP Billiton, confirm that they are working with the relevant State and Federal Authorities in Brazil on an agreement to remediate the community and environment impacts resulting from the Fundão Dam failure. The objective is to establish the appropriate conditions that will enable the execution of recovery plans in an efficient and transparent manner. On Tuesday January 19, working groups were established to take immediate action to progress this objective in a complementary and coordinated manner.
